Sub.: Information for Principals of all affiliated colleges

Sir,

As per the Directions of the Hon'ble Vice Chancellor, Maharshi Dayanand Saraswati University, Ajmer is collaborating for Spoken Tutorials with IIT Bombay which is an NMEICT (www.sakshat.ac.in), MHRD, Govt. of India, initiative to enhance the ICT skills of our UG /PG students. Spoken Tutorials is an award winning program running training programs in India since the past 5 years. Training is offered on free and open source softwares, like Linux. FOSS are non- commercial with some programs having no equivalents like Java, C, etc. Just to name a few lucrative courses like PYTHON, PERL, GIMP, BLENDER for multimedia, SCILAB Jmol, Gchempaint for sciences can be learnt using this tool. We are sure this will be a good value addition to our existing teaching, learning process and shall enhance the skills of our students.

The courses are COMPLETELY FREE and enrolled students shall be given certificates at the end of the course.

All of the affiliated colleges may also take advantage of this program and make available certain soft skills for their students. They may directly communicate by e-mail with Professor Nidhi Soni at IIT Mumbai. Her e-mail address is: nidhisony04@gmail.com.

I request you to communicate the same at the earliest so that the training may be started in the coming session. The brochure of the programmes is attached for reference.

Yours sincerely

(Ashish Bhatnagar)
