EVENT: Mangalayatan University becomes **FOSS** center in collaboration with **Spoken Tutorials IIT Bombay**

VENUE: CS Lab-3

ORGANISED BY: CSE Department

HOSTED BY: Tanya Garg (Student of B.Tech(CSE),5th Sem)

In *Mangalayatan University*, CSE Dept. has started **FOSS** center which is first center in Aligarh by *IIT Bombay*. **FOSS** is inaugurated by VC Sri Satish Chandra Jain and motivated to students for the free open source software and gave his views that this software including audio, video lectures and tutorials which is given by faculties of *IIT Bombay* and it is the great source of learning.

There were present VC Sir, PVC Sir, HOD (CSE), faculty members and students (CSE). Properties of open source software, is that user can use and modify existing software and Ubuntu is the best example of open source software because it is secure and safe. *Mangalayatan University* becomes **FOSS** center, it enables to use many programming languages like *JAVA, PHP, MySQL, Advanced C, Python, Perl, Ruby and Osgal* by using open source tools.

PVC Sir's views: Open source software is more secure as the code is accessible to anyone. Anyone can fix bugs as they are found and users do not have to wait for the next release.

HOD Sir's views: He gave brief description about open source software and also told students that industries are moving towards open source so *Mangalayatan University* started **FOSS** center.
