Dear Madam

This is with reference to your letter regarding your proposal for implementing Spoken Tutorial based software training .We are happy to inform you of our acceptance of this offer for both the staff and students and would request you create a link on the spoken tutorial website where the work of our students can be uploaded. We would like to introduce the software spoken tutorials in the curriculum from session 2015-16 in a bid to promote IT literacy and usage of FOSS even more effectively in learners.

Dr Navaratan Bothra PGT (Computer Science) of Mody School is deputed to ensure the facile operation, coordination and implementation of the programme.

Thanking You
